The written notice must include information necessary for BCBSND to determine benefits.

The Subscriber hereby expressly acknowledges and understands that BCBSND is an independent corporation operating under a license with the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans, (the “Association”) permitting BCBSND to use the Blue Cross and Blue Shield Service Marks in the state of North Dakota, and that BCBSND is not contracting as an agent of the Association. This paragraph shall not create any additional obligations whatsoever on the part of BCBSND other than those obligations created under other provisions of this Benefit Plan.

## **SECTION 1 DEFINITIONS**

- 1.1 **ADMISSION** - entry into a facility as an Inpatient or Outpatient for treatment and care when ordered by a Health Care Provider with admitting privileges. An Admission ends when a Member is discharged or released from the facility and is no longer registered as a patient.

- 1.3 **AMBULATORY BEHAVIORAL HEALTH CARE** - the continuum of services provided for substance abuse and psychiatric illness less intensive than inpatient and more intensive than outpatient treatment. This continuum includes those services referred to as Partial Hospitalization or intensive outpatient treatment as long as the treatment meets or exceeds the minimum required for Partial Hospitalization.
- 1.4 **AMBULATORY (OUTPATIENT) SURGERY** - surgery performed in the outpatient department of a Hospital, Ambulatory Surgical Facility or Professional Health Care Provider's office.
- 1.5 **ANCILLARY SERVICES** - services required for the treatment of a Member in a Hospital, other than room, board and professional services.
- 1.6 **ANNUAL ENROLLMENT PERIOD** - a period of time an eligible employee or Eligible Dependent may apply for coverage under this Benefit Plan as a Late Enrollee. The Annual Enrollment Period will be a period of 31 days prior to the Group's anniversary date.
- 1.7 **AUTHORIZED REFERRAL** - a Referral that is approved by the EPO Health Care Provider's Medical Director and BCBSND in accordance with the referral guidelines established by BCBSND. When an Authorized Referral is obtained for Covered Services, benefit payment will be at the EPO Plan level.
- 1.8 **AUTHORIZED REPRESENTATIVE** - a Health Care Provider or other individual authorized by the Member to inquire or request information on a Member.
- 1.9 **BASIC PLAN** - the Member elects to access the health care system through a Health Care Provider that is not a part of the Preferred Provider Organization. Benefit payment will be at the Basic Plan level.
- 1.10 **BCBSND** - Blue Cross Blue Shield of North Dakota, a legal trade name of Noridian Mutual Insurance Company.
- 1.11 **BENEFIT PERIOD** - a specified period of time when benefits are available for Covered Services under this Benefit Plan. A Claim for Benefits will be considered for payment only if the date of service or supply was within the Benefit Period. All benefits are determined on a calendar year (January 1 through December 31) Benefit Period.
- 1.12 **BENEFIT PLAN** - the agreement with BCBSND, including the Subscriber's membership application, Identification Card, the Service Agreement, this Certificate of Insurance, the Benefit Plan Attachment and any supplements, endorsements, attachments, addenda or amendments.
- 1.13 **BENEFIT PLAN ATTACHMENT** - the statement accompanying the Identification Card that identifies current Benefit Plan information.
- 1.14 **BENEFIT PLAN NUMBER** - a number assigned by BCBSND and listed on the Identification Card that identifies the Subscriber for administrative purposes.
- 1.15 **BLUECARD PROGRAM** - The Blue Cross and Blue Shield Association, of which BCBSND is an independent licensee, has implemented the BlueCard Program. This allows Members seeking medical services outside BCBSND's (Home Plan) service area, access to the Health Care Provider discounts of the local Blue Cross and/or Blue Shield entity (Host Plan) participating in the BlueCard Program.

1.16 **CLAIM FOR BENEFITS** - a request for a benefit or benefits under the terms of this Benefit Plan made by a Member in accordance with BCBSND's reasonable procedures for filing a Claim for Benefits as outlined in Section 7, Claims for Benefits and Appeals. A Claim for Benefits includes both Claims for Benefits requiring Preauthorization and Prior Approval (Preservice Claim for Benefits) and all other Claims for Benefits (Post Service Claim for Benefits). A Claim for Benefits involving payment of a claim shall be made promptly and in accordance with state law.

1.17 **CLASS OF COVERAGE** - the type of coverage the Subscriber is enrolled under, identifying who is eligible to receive benefits for Covered Services under this Benefit Plan. Classes of Coverage are as follows:

A. **Single Coverage** - Subscriber only.

B. **Family Coverage** - Subscriber and Eligible Dependents.

1.18 **COST SHARING AMOUNTS** - the dollar amount a Member is responsible for paying when Covered Services are received from a Health Care Provider. Cost Sharing Amounts include Coinsurance, Copayment and Deductible Amounts. Applicable Cost Sharing Amounts are identified on the Benefit Plan Attachment. Health Care Providers may bill the Member directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided. See Section 2, Schedule of Benefits for the specific Cost Sharing Amounts that apply to this Benefit Plan.

A. **Coinsurance Amount** - a percentage of the Allowed Charge for Covered Services that is a Member's responsibility.

BCBSND shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services within the BCBSND service area on the lesser of (1) billed charges or (2) provider negotiated payment rates (Allowed Charge).

If Covered Services are obtained by a Member out of the BCBSND service area, the local Blue Cross Blue Shield Plan's (Host Plan) provider contract may require coinsurance calculation that is not based on the discounted price the Health Care Provider has agreed to accept from the Host Plan. Rather, it may be based on the Health Care Provider's billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the BCBSND service area. It is not possible to provide specific information for each out-of-area Health Care Provider because of the many different arrangements between Host Plans and Health Care Providers. However, if a Member contacts BCBSND prior to incurring out-of-area services, BCBSND may be able to provide information regarding specific Health Care Providers.

B. **Coinsurance Maximum Amount** - the total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period.

C. **Copayment Amount** - a specified dollar amount payable by the Member for certain Covered Services. Health Care Providers may request payment of the Copayment Amount at the time of service. Most Copayment Amounts do not apply toward the Out-of-Pocket Maximum Amount or the Prescription Medication or Drug Coinsurance Maximum Amount.

D. **Deductible Amount** - a specified dollar amount payable by the Member for certain Covered Services received during the Benefit Period. The Deductible Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward the Deductible Amount.

The Deductible Amounts for Covered Services received from an EPO or on a Self-Referral basis accumulate jointly up to the EPO Deductible Amount.

The Deductible Amounts for Covered Services received from a PPO Health Care Provider or on a Basic Plan basis accumulate jointly up to the PPO Deductible Amount.

- E. **Infertility Services Deductible Amount** - a specified dollar amount payable by the Member during their lifetime for infertility services. The Infertility Services Deductible Amount does not apply toward the Out-of-Pocket Maximum Amount.
- F. **Out-of-Pocket Maximum Amount** - the total Deductible and Coinsurance Amounts for certain Covered Services that are a Member's responsibility during a Benefit Period. When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services, less Copayment Amounts incurred during the remainder of the Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward the Out-of-Pocket Maximum Amount. Outpatient Prescription Medication or Drug Cost Sharing Amounts do not apply toward the Out-of-Pocket Maximum Amount.

The Out-of-Pocket Maximum Amounts for Covered Services received from an EPO or on a Self-Referral basis accumulate jointly up to the EPO Out-of-Pocket Maximum Amount. When the EPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from an EPO will be paid at 100% of Allowed Charge. Covered Services sought on a Self-Referral basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Self-Referral services is met.

The Out-of-Pocket Maximum Amounts for Covered Services received from PPO or on a Basic Plan basis accumulate jointly up to the PPO Out-of-Pocket Maximum Amount. When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO will be paid at 100% of Allowed Charge. Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.

- G. **Prescription Medication or Drug Coinsurance Maximum Amount** - the total Formulary Coinsurance Amount for Outpatient Prescription Medications or Drugs that is a Member's responsibility during a Benefit Period. When this Coinsurance Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Outpatient Prescription Medications or Drugs, less Copayment Amounts incurred during the remainder of the Benefit Period. This Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward this Coinsurance Maximum Amount.

- 1.19 **COVERED SERVICE** - Medically Appropriate and Necessary services and supplies for which benefits are available when provided by a Health Care Provider.
- 1.20 **CUSTODIAL CARE** - care that BCBSND determines is designed essentially to assist the patient in meeting the activities of daily living and not primarily provided for its therapeutic value in the treatment of an illness, disease, injury or condition.
- 1.21 **DIAGNOSTIC SERVICE** - a test or procedure provided because of specific symptoms and directed toward the determination of a definite condition.     - 1. Children physically placed with the Subscriber for adoption or whom the Subscriber or the Subscriber's living, covered spouse has legally adopted.
    - 2. Children living with the Subscriber for whom the Subscriber or the Subscriber's living, covered spouse has been appointed legal guardian by court order.

3. The Subscriber's grandchildren or those of the Subscriber's living, covered spouse if: (a) the parent of the grandchild is a covered Eligible Dependent under this Benefit Plan and (b) both the parent and the grandchild are primarily dependent on the Subscriber for support. If a lapse in coverage occurs due to ineligibility of the parent under this Benefit Plan, the grandchild cannot be reenrolled unless the Subscriber has been appointed legal guardian.
4. Children for whom the Subscriber or the Subscriber's living, covered spouse are required by court order to provide health benefits.
5. Children beyond the age of 23 who are full-time students at accredited institutions who are financially dependent on the Subscriber or the Subscriber's spouse. Coverage in such cases will be continued only until the end of the month in which the child becomes 26 years of age. An accredited institution is defined as an institution of higher education offering a degree or certificate in a specific field or trade for which the recipient may gain employment after completing course work. The institution must be licensed, certified or accredited.
6. Children beyond the age of 23 who are incapable of self support because of mental retardation or physical handicap that began before the child attained age 23 and who are primarily dependent on the Subscriber or the Subscriber's spouse for support. Coverage for such a disabled child will continue for as long as the child remains unmarried, disabled and the Subscriber's dependent for federal income tax purposes. The Subscriber may be asked periodically to provide evidence satisfactory to BCBSND of these disabilities.

### 2.1 COST SHARING AMOUNTS

Cost Sharing Amounts include Coinsurance, Copayment, Deductible, Infertility Services Deductible and Out-of-Pocket Maximum Amounts. A Member is responsible for the Cost Sharing Amounts. Please see section 2.5, Outline of Covered Services, and the Benefit Plan Attachment for the specific Cost Sharing Amounts that apply to this Benefit Plan. All Members contribute to the Deductible and Coinsurance Amounts. However, a Member's contribution cannot be more than the Single Coverage amount. Health Care Providers may bill directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided.

<b>Under this Benefit Plan the Deductible Amounts per Benefit Period are:</b>

\$1,000 per Member per Benefit Period

**Under this Benefit Plan the Lifetime Infertility Services Deductible Amount is:**

\$500 per Member

### 2.2 LIFETIME MAXIMUM

The Lifetime Maximum is \$2,000,000 per Member. This Lifetime Maximum includes all specific Lifetime Maximums listed in the Outline of Covered Services.

## 2.3 **SELECTING A HEALTH CARE PROVIDER**

The benefit payment available under this Benefit Plan differs depending on the Subscriber's choice of a Health Care Provider. This Benefit Plan recognizes the following categories of Health Care Providers based on the Health Care Provider's relationship with BCBSND:

Members should refer to the BCBSND website for a list of Health Care Providers or call Member Services at the telephone number on the back of the Identification Card for a provider directory. The website is continuously updated and is the most up-to-date listing of Health Care Providers.

### **PPO Plan**

PPO stands for "Preferred Provider Organization" and is a group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge BCBSND less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts.

To receive a higher payment level Covered Services must be received from an NDPERS PPO Health Care Provider. Please see the NDPERS PPO Health Care Provider Listing.

### **Basic Plan**

If a PPO Health Care Provider is not available in the Member's area, or if the Member chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization, the Member will receive the Basic Plan benefits.

### **EPO Plan**

EPO stands for "Exclusive Provider Organization". At the time of enrollment, the Member selects an EPO and agrees to access Covered Services through the Network. The EPO Health Care Provider must provide or arrange for all Covered Services in order for a Member to receive optimum benefits under the EPO Plan. Benefits will be paid at the Self-Referral level or denied for services that are not provided or authorized by the EPO Health Care Provider.

All eligible family members must affiliate with the same EPO. The Subscriber and each Eligible Dependent, see definition 1.22, may use any primary care physician affiliated with the designated EPO. When an Out-of-Area Waiver Form is submitted benefits will be paid at the EPO level for Covered Services received by Eligible Dependents, see definition 1.22, residing out of area who are attending school or if the Subscriber or the Subscriber's spouse is required by court order to provide health coverage for that Eligible Dependent.

Affiliation with an EPO is effective for a period of one year, commencing on the effective date of coverage and thereafter on the anniversary date of the Benefit Plan. Please see the NDPERS EPO Health Care Provider Listing.

A Subscriber's primary residence must be within an EPO Service Area to qualify for coverage. The Service Area includes all residences and communities within the 50-mile radius of an EPO Network.

### **Authorized Referral Process**

An Authorized Referral is required if services are not available from the EPO Health Care Provider. Benefit payment for Authorized Referrals will be at the EPO level.

An Authorized Referral does not guarantee payment of benefits. Benefits for services received as a result of an Authorized Referral are subject to the conditions, limitations and exclusions of this Benefit Plan. Benefit payment will be denied if the Member is not covered under this Benefit Plan on the date the services are provided.

## **Referral Request Process**

The EPO Health Care Provider is responsible for initiating all Referrals. Authorized Referrals will be paid at the EPO level. The EPO Health Care Provider must request approval of the Referral from the EPO's Medical Director. The EPO's Medical Director must either approve or deny the Referral. If the Referral is approved, the EPO's Medical Director or designee must advise BCBSND.

The Referral will be considered by BCBSND and if authorized, both the referring EPO Health Care Provider and Subscriber will be notified by telephone or mail within two business days. This will authorize benefit payment at the EPO level. Authorization of the Referral will only be based on whether the services provided are Medically Appropriate and Necessary and not available from the EPO Health Care Provider. Provider or Member convenience or preference is not a reason for authorization of payment at the EPO level.

## **Denial of Referral Requests**

The Referral request made by the EPO's Medical Director will be denied if it is determined by BCBSND that the services are not Medically Appropriate and Necessary or if the care requested may be provided by the EPO Health Care Provider. BCBSND shall inform the EPO's Medical Director or designee and Subscriber of the denial in writing. Denials will state the specific reason the Referral was denied. Denial notification will be made within two business days of receipt of the Referral request from the EPO's Medical Director and all related medical information necessary to consider the Referral.

## **Self-Referral**

When Members enrolled in the EPO Plan, without an Authorized Referral, elect to access the health care system through a Health Care Provider that is not in the Member's selected EPO. Covered Services received on a Self-Referral basis will be paid at the Self-Referral level or denied. **No benefits are available for well child care, diabetes education or preventive screening services sought on a Self-Referral basis.**

## **Other Health Care Providers**

### **Participating Health Care Providers**

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to BCBSND on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and BCBSND.

When Covered Services are received from a Participating Health Care Provider a provider discount provision is in effect. This means the Allowance paid by BCBSND will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform managed benefits requirements on behalf of the Member.

### **Nonparticipating Health Care Providers**

When Covered Services are received from a Nonparticipating Health Care Provider, the Member will be responsible for notifying BCBSND of the receipt of services and submitting a claim for benefits. If BCBSND needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Nonparticipating Health Care Provider. In addition, the Member will be responsible for compliance with all required managed benefits provisions. See Section 4.

1. Nonparticipating Health Care Providers Within the State of North Dakota

If a Member receives Covered Services from a Nonparticipating Health Care Provider within the state of North Dakota, benefit payments will be based on the Allowance and reduced by an additional 20%. The 20% payment reduction does not apply toward the Out-of-Pocket Maximum Amount. The Allowance will not exceed 80% of the billed charge.

**The Member is responsible for the 20% payment reduction and any charges in excess of the Allowance for Covered Services.**

Benefit payment will be made directly to the Subscriber for Covered Services received from a Nonparticipating Health Care Provider. BCBSND will not honor an assignment of benefit payments to any other person or Health Care Provider.

If a Member enrolled in the EPO Plan seeks services on a Self-Referral basis from a Nonparticipating Health Care Provider, benefit payment will be at the Self-Referral level. **No benefits are available for well child care, diabetes education or preventive screening services sought on a Self-Referral basis.**

2. Nonparticipating Health Care Providers Outside the State of North Dakota

If a Member receives Covered Services from a Nonparticipating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by BCBSND.

**The Member is responsible for any charges in excess of the Allowance for Covered Services.**

If a Member receives Covered Services from a Health Care Provider in a county contiguous to North Dakota, the benefit payment will be provided on the same basis as a Health Care Provider located in the state of North Dakota. If the Health Care Provider is a Participating Health Care Provider, the benefit payment will be as indicated in the Outline of Covered Services. If the Health Care Provider is not a Participating Health Care Provider, benefits will be available at the same level as Nonparticipating Health Care Providers within the state of North Dakota.

Payment for Covered Services received from out-of-state Health Care Providers will be made directly to the Subscriber unless a special arrangement exists between BCBSND and the Health Care Provider. BCBSND may designate an out-of-state Health Care Provider as Nonpayable.

An assignment of payment to an out-of-state Health Care Provider must be in writing, filed with each claim and approved by BCBSND.

**Nonpayable Health Care Providers**

If BCBSND designates a Health Care Provider as Nonpayable, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the Nonpayable Health Care Provider. Notice of designation as a Nonpayable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Nonpayable Health Care Provider. As of the date of termination, all charges incurred by a Member for services received from the Nonpayable Health Care Provider will be the Subscriber's responsibility.

## Participating Providers with the BlueCard Program

When a Member obtains health care services through BlueCard outside the geographic area BCBSND serves, the amount the Member pays for Covered Services is calculated on the lower of:

- The billed charges for Covered Services, or
- The negotiated price that the on-site Blue Cross and/or Blue Shield Plan ("Host Blue") passes on to BCBSND.

Often, this "negotiated price" will consist of a simple discount, which reflects the actual price paid by the Host Blue. But sometimes it is an estimated price that factors into the actual price expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with a Health Care Provider or with a specified group of Health Care Providers. The negotiated price may also be billed charges reduced to reflect an **average** expected savings with the Health Care Provider or with a specified group of Health Care Providers. The price that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price. The negotiated price will also be adjusted in the future to correct for over- or underestimation of past prices. However, the amount the Member pays is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating Member liability for Covered Services that does not reflect the entire savings realized or expected to be realized on a particular claim or to add a surcharge. Should any state statutes mandate Member liability calculation methods that differ from the usual BlueCard method noted above in paragraph one of this section or require a surcharge, BCBSND would then calculate the Member's liability for any Covered Service in accordance with the applicable state statute in effect at the time the Member received care.

## Health Care Providers Outside the United States

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The Preauthorization and Prior Approval requirements will apply. If the Health Care Provider is a Participating Provider with the BlueCard Program, the Participating Health Care Provider will submit claims for reimbursement on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider. If the Health Care Provider does not participate with the BlueCard Program the Member will be responsible for payment of services and submitting a claim for reimbursement to BCBSND. BCBSND will provide translation and currency conversion services for the Member's claims outside of the United States.

BCBSND will reimburse Prescription Medications or Drugs purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

## **Medicare Private Contracts**

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services and indicate that neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider and that the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge. Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and BCBSND will limit its payment to the amount BCBSND would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by BCBSND.

### **2.4 WAITING PERIODS FOR PREEXISTING CONDITIONS FOR LATE ENROLLEES**

Members accepted as Late Enrollees will not be eligible for benefits for any services, supplies or charges for the care or treatment the Member receives for a Preexisting Condition during a period of 12 months following the individual Member's effective date of this Benefit Plan. However, this waiting period may be reduced by aggregate days of membership under Qualifying Previous Coverage, if continuous until at least 63 days prior to the individual Member's Enrollment Date under this Benefit Plan.

- utilization of health care services that generates ongoing and/or excessively high costs;
- conditions that are known to require extensive and/or long term follow up care and/or treatment.

Benefits under case management may be provided if BCBSND determines that the services are Medically Appropriate and Necessary, cost effective and feasible and that the total benefits for services do not exceed the Lifetime Maximum that the Member would otherwise be entitled to under this Benefit Plan.

## **SECTION 6 GENERAL PROVISIONS**

### **6.1 TIME LIMIT ON CERTAIN DEFENSES**

The validity of this Benefit Plan may not be contested, except for nonpayment of premiums, after it has been in force for 2 years, beginning on the individual Member's effective date. Further, the validity of this Benefit Plan may not be contested on the basis of a statement made relating to insurability by any Member after continuous coverage has been in force for 2 years during the Member's lifetime unless the statement is written and signed by such Member. This time limit does not apply to fraudulent misstatements.

### **6.2 MEMBER BILL AUDIT**

Upon receiving notice of a claims payment from BCBSND, the Member is encouraged to audit their medical bills and notify BCBSND of any services which are improperly billed or services that the Member did not receive. If, upon audit of a bill an error of \$40 or more is found, the Member will receive a minimum payment of \$20 or 50% of the resulting savings for paid Covered Services up to a maximum payment of \$500.

To obtain payment through the Member Bill Audit Program, the Subscriber must complete a Member Bill Audit Refund Request Form. Forms are available from Blue Cross Blue Shield of North Dakota's NDPERS Service Unit.

This program does not apply when the NDPERS Benefit Plan is the secondary payor on a claim.

### **6.3 STATUS OF MEMBER ELIGIBILITY**

NDPERS agrees to furnish BCBSND with any information reasonably required by BCBSND for the purpose of enrollment. Any changes affecting a Member's eligibility for coverage must be provided to BCBSND by NDPERS immediately, but in any event NDPERS shall notify BCBSND within 31 days of the change.

Statements made on membership applications are deemed representations and not warranties. No statements made on the membership application may be used in any contest unless a copy has been furnished to that person, or in the event of the death or incapacity of that person, to the individual's beneficiary or personal representative. The Subscriber is provided a copy of the membership application at the time of completion.

A. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any mailing address change within 31 days of the change.

B. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any change in marital status.

If a membership application is not submitted within the 31-day period and the Subscriber's Eligible Dependents is a Late Enrollee, the Late Enrollee's waiting period for Preexisting Conditions will be applied.

If the membership application is submitted within 31 days of the date of marriage, the effective date of coverage for the Subscriber's Eligible Dependents will be the first of the month immediately following the date of marriage. If a membership application is not submitted within 31 days of the date of marriage and the Subscriber's Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date.

2. If, because of legal separation, divorce, annulment or death, the Subscriber's spouse is no longer eligible for coverage under this Benefit Plan, the Subscriber's spouse must apply within 60 days of legal separation, divorce, annulment or death to be eligible for continued health coverage under COBRA. Upon expiration of the COBRA coverage period, the spouse must apply to BCBSND for conversion coverage within 31 days to be eligible for continuous coverage. If an application is not submitted within the 31 day period, medical qualification will be required.

Coverage for the Subscriber's spouse under Family Coverage will cease effective the first of the month immediately following legal separation, divorce, annulment or death.

The Subscriber's spouse must apply within 31 days of legal separation, divorce, annulment or death to be eligible for continuous health coverage under a separate benefit plan. If the Subscriber's spouse does not submit a membership application within 31 days, continuous health coverage under a separate benefit plan will not be available.

C. A Subscriber's spouse who is eligible for military benefits will not be eligible for coverage through BCBSND.

D. The Subscriber is responsible for notifying Plan Administrator (NDPERS) and BCBSND of any change in family status within 31 days of the change. The effective date of coverage for dependents added to this Benefit Plan within the designated time period will be the date of birth or physical placement or the first of the month immediately following the date established by court order. If a membership application is not submitted within the designated time period and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group's anniversary date. The following provisions will apply:

1. At the time of birth, natural children will automatically be added to the Subscriber's Benefit Plan if Family Coverage is in force. If membership application is not submitted within the designated time period and the child is a Late Enrollee, the Late Enrollee's waiting period for Preexisting Conditions will be applied.

2. Adopted children may be added to this Benefit Plan if a membership application, accompanied by a copy of the placement agreement or court order, is submitted to BCBSND within 31 days of physical placement of the child. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the Late Enrollee's waiting period for Preexisting Conditions will be applied.
3. 5. If any of the Subscriber's children beyond the age of 23 are mentally retarded or physically handicapped, the Subscriber may continue their coverage under Family Coverage as long as the child remains disabled, unmarried and a dependent for federal income tax purposes and the Application For Dependent Disability is made within 31 days of the end of the month the child turns 23. If the Application For Dependent Disability is not made within the 31 day period and a lapse of coverage occurs, a child will be required to apply for coverage under a separate contract.

The Subscriber must provide proof of incapacity and dependency of a child's disability within 31 days after the end of the calendar year in which a child turns 23 or, if a child is beyond age 23 at the time of initial enrollment. If proof of incapacity and dependency for dependent disability is not made within 31 days and a lapse in coverage occurs, the child will be required to apply for coverage under a separate benefit plan. Thereafter, BCBSND may request annual verification of a child's disability after coverage for a disabled child has been in effect for 2 years.

6. If a child is no longer an Eligible Dependent under this Benefit Plan, the child must apply within 31 days of the loss of eligibility to be eligible for continuous health coverage under a separate benefit plan. See Section 6.9
  7. At the time of birth or adoption, the Subscriber's Eligible Dependents may be added to this Benefit Plan if a membership application is submitted to BCBSND within 31 days of birth or physical placement of the adopted child. If the application is not received in accordance with this provision and the Eligible Dependent is a Late Enrollee, the Late Enrollee's waiting period for Preexisting Conditions will be applied.
- E. Employees and/or dependents who previously declined coverage under this Benefit Plan will be able to enroll under this Benefit Plan if each of the following conditions are met:
1. During the initial enrollment period the employee or dependent states in writing that coverage under a group health plan or health insurance coverage was the reason for declining enrollment at such time.
  2. The employee's or dependent's coverage under a group health plan or other health insurance coverage:
    - a. was either terminated as a result of loss of eligibility (Including loss as a result of legal separation, divorce, death, termination of employment or reduction of hours) or employer contributions toward such coverage were terminated; or
    - b. was under COBRA and the coverage was exhausted.

3. The employee requests such enrollment within 31 days after the exhaustion or termination of coverage.

The effective date of coverage for an employee and/or dependent who previously declined coverage under this Benefit Plan and is enrolling pursuant to this provision will be the first day immediately following the exhaustion or termination of the employee's and/or dependent's previous coverage. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

If the membership application is not received in accordance with this provision and the employee or dependent is a Late Enrollee, the Late Enrollee's waiting period for Preexisting Conditions will be applied and the effective date of coverage will be the Group's anniversary date.

## 6.8 CONTINUATION AND CONVERSION

### A. Blue Cross Blue Shield Transfers

#### 1. Inside the BCBSND Service Area

If the Subscriber becomes ineligible for group membership under this Benefit Plan due to an inability to meet BCBSND's requirements and enrollment regulations, coverage will be canceled at the end of the last month that premium was received from the Plan Administrator. Exceptions may be made if:

- a. The Plan Administrator cancels coverage. Conversion coverage will not be offered to a Subscriber, if on the date of conversion the Plan Administrator through which the Subscriber is eligible has terminated coverage with BCBSND and the Plan Administrator has enrolled with another insurance carrier.
- b. The Plan Administrator no longer meets BCBSND's group coverage requirements. The Subscriber will be given the right to convert to a nongroup benefit plan, subject to premiums and benefit plan provisions in effect, if application for such coverage is made within 31 days after the termination date of the previous benefit plan.
- c. Ineligibility occurs because the Subscriber elects to discontinue employment, is terminated or is otherwise no longer covered under the group health plan. The Subscriber may elect continuation coverage through the Plan Administrator in accordance with state and federal law.
- d. Ineligibility occurs because the Subscriber is no longer eligible to continue coverage under group membership as provided in Section 6.8 (A.)(1.)(c.). The Subscriber may elect conversion coverage on a nongroup basis, subject to premiums and benefit plan provisions for nongroup coverage then in effect, if the Subscriber applies for nongroup coverage within 31 days after the termination date of the previous group health plan coverage.

#### 2. Outside the BCBSND Service Area

If a Member moves to the service area of another Blue Cross Blue Shield Plan and BCBSND premiums are billed to the new address, membership must be transferred to the Blue Cross Blue Shield Plan serving that new address. The new Blue Cross Blue Shield Plan must at least offer the Subscriber its conversion benefit plan. Conversion benefit plans provide coverage without medical qualification. If the Member accepts the conversion benefit plan, the new Blue Cross Blue Shield Plan will credit the Member for days of continuous membership with BCBSND toward the Waiting Periods of the conversion benefit plan. Any physical or mental conditions covered by this Benefit Plan will be covered by the conversion benefit plan without a new Waiting Period if the Blue Cross Blue Shield Plan offers that feature to other members carrying the same type of coverage. The premium rate and benefits available through the conversion benefit plan of the Blue Cross Blue Shield Plan may vary significantly from those offered by BCBSND.

## B. Federal Continuation (COBRA)

This provision applies under amendments to the Employee Retirement Income Security Act of 1974, 29 U.S.C. §1001, et seq. and the Public Health Service Act, 42 U.S.C. §300bb-1, et seq. These amendments are collectively referred to as "COBRA". COBRA provides for optional continuation coverage for certain Subscribers and/or Eligible Dependents under certain circumstances if the employer maintaining the group health plan normally employed 20 or more employees on a typical business day during the preceding calendar year. This provision is intended to comply with the law and any pertinent regulations and its interpretation is governed by them. This provision is not intended to provide any options or coverage beyond what is required by federal law. Subscribers should consult their Plan Administrator to find out if and how this provision applies to them and/or their Eligible Dependents.

A Subscriber covered by this Benefit Plan may have the right to choose continuation coverage if the Subscriber's group coverage is terminated because of a reduction in hours of employment or the termination of employment for reasons other than gross misconduct.

The spouse of the Subscriber covered by this Benefit Plan may have the right to choose continuation coverage if group coverage is terminated for any of the following reasons:

1. The death of the Subscriber;
2. A termination of the Subscriber's employment for reasons other than gross misconduct or a reduction in hours of employment;
3. Divorce or legal separation; or
4. The Subscriber becomes entitled to Medicare benefits.

A dependent child of the Subscriber covered by this Benefit Plan, may have the right to continuation coverage if group coverage is terminated for any of the following reasons:

1. The death of the Subscriber;
2. The termination of the Subscriber's employment for reasons other than gross misconduct or reduction in a parent's hours of employment;
3. Parent's divorce or legal separation;
4. The Subscriber becomes entitled to Medicare; or
5. The dependent ceases to be an Eligible Dependent under this Benefit Plan.

A child who is born to a Subscriber or is placed for adoption with the Subscriber during the period of continuation coverage is eligible for COBRA coverage.

Continuation may apply in the event of a bankruptcy of the Group for certain retired Subscribers and their Eligible Dependents under certain conditions. If there is a bankruptcy of the Group, retired Subscribers and their Eligible Dependents should contact their Plan Administrator for more information.

The Subscriber or the Subscriber's Eligible Dependents have the responsibility to inform the Plan Administrator within 60 days of a divorce, legal separation or a child losing dependent status under this Benefit Plan. Where the Subscriber or an Eligible Dependent have been determined to be disabled under the Social Security Act, they must inform the Plan Administrator of such determination within 60 days after the date of the determination. The Subscriber or the Subscriber's Eligible Dependents are responsible for notifying the Plan Administrator within 30 days after the date of any final determination under the Social Security Act that the Subscriber or Eligible Dependent is no longer disabled.

When the Plan Administrator is notified that one of these events has occurred or has knowledge of the Subscriber's death, termination of employment, reduction in hours or Medicare entitlement, the Plan Administrator will notify the Subscriber or Eligible Dependents, as required by law of the right to choose continuation coverage. The Subscriber or Eligible Dependents has 60 days from the date coverage is lost, because of one of the events described above or 60 days from the date the Subscriber or Eligible Dependent is sent notice of his or her right to choose continuation coverage, whichever is later, to inform the Plan Administrator of the decision to continue coverage. If the Subscriber or Eligible Dependent does not choose continuation coverage, group coverage will terminate.

If the Subscriber chooses continuation coverage, the Plan Administrator is required to provide coverage identical to the coverage provided under the plan to similarly situated employees or family members. If group coverage is lost because of a termination of employment or reduction in hours, the Subscriber and Eligible Dependents may maintain continuation of coverage for 18 months. The law requires Eligible Dependents be given the opportunity to maintain continuation of coverage for 36 months in the event of the Subscriber's death, divorce, legal separation, or Medicare entitlement; or a child's loss of dependency status.

An 18-month extension of coverage is available to Eligible Dependents who elect continuation coverage if a second event occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second event occurs is 36 months. A second event includes loss dependency status. A second event occurs only if it causes an Eligible Dependent to lose coverage under the Plan as if the first event had not occurred. Eligible Dependents must notify the Plan Administrator within 60 days after the second event occurs. If group coverage is lost because of a termination of employment or reduction in hours and the Subscriber becomes entitled to Medicare benefits less than 18 months before the termination or reduction in hours. Eligible Dependents may maintain continuation coverage for up to 36 months after the date of Medicare entitlement.

A Subscriber or Eligible Dependent determined to have been disabled for Social Security purposes at the time of termination of employment or reduction in hours or who becomes disabled at any time during the first 60 days of COBRA continuation coverage and who provides notice of such determination to the Plan Administrator may be entitled to receive up to an additional 11 months of continuation coverage, for a total maximum of 29 months. The disability must last at least until the end of the 18-month period of continuation coverage. If the individual entitled to the disability extension has nondisabled family members who are entitled to continuation coverage, those nondisabled family members also may be entitled to extend the continuation coverage to 29 months.

There is a second 60-day election period for certain individuals who lose group health coverage and are eligible for federal trade adjustment assistance. The second election period applies only to those individuals who did not elect continuation coverage under the initial 60-day election period and who meet federal trade adjustment assistance eligibility guidelines. The second 60-day election period begins on the first day of the month in which the individual is determined to be eligible for trade adjustment assistance, but in no event may elections be made later than 6 months after the loss of group coverage. If elected, continuation coverage will be measured from the date of loss of group coverage.

Notwithstanding the availability of continuation coverage, the law also provides that continuation coverage may be terminated for any of the following reasons:

1. The Group no longer provides group coverage to any of its employees;
2. Failure to make the premium payment;

3. The person receiving continuation coverage becomes covered under another benefit plan providing the same or similar coverage (as an employee or otherwise) that does not contain any exclusion or limitation with respect to any preexisting condition of such person; (for plan years beginning on or after July 1, 1997, or later for certain plans maintained pursuant to one or more collective bargaining agreements, if the other benefit plan limits or excludes benefits for preexisting conditions but because of new rules applicable under the Health Insurance Portability and Accountability Act of 1996 those limits or exclusions would not apply to (or would be satisfied by) an individual receiving COBRA continuation coverage under this benefit plan, then this benefit plan can stop making the COBRA continuation coverage available to the individual); or
4. Entitlement to Medicare benefits.

Medical qualification is not required for a Subscriber to choose continuation of coverage. However, under the law a Subscriber may have to pay all or part of the premium for continuation coverage. The law also says that during the 180-day period ending on the expiration of the 18, 29 or 36-month continuation period, a Subscriber or Eligible Dependent who has chosen continuation coverage may be provided with the option of enrollment under a conversion health plan otherwise generally available under this Benefit Plan. A membership application must be submitted within 31 days to be eligible for conversion coverage. If a membership application is not submitted within the 31-day period, medical qualification will be required.

### **Conversion Privileges**

When the 18 or 36-month continuation period has ended, the Subscriber will be given the opportunity of enrolling under a conversion health plan.

If ineligibility occurs because of a failure to make timely payment for health care coverage, the Subscriber will be given the opportunity of enrolling under a conversion health plan if application is made within 60 days of ineligibility.

Contact BCBSND's NDPERS Service Unit at 1-800-223-1704 with any questions or for further information on conversion privileges.

## **6.9 CANCELLATION OF THIS OR PREVIOUS BENEFIT PLANS**

If the Benefit Plan is terminated, modified or amended, coverage is automatically terminated, modified or amended for all enrolled Members of the group health plan. It is the Plan Administrator's responsibility to notify Members of the termination of coverage.

## **6.10 NOTICE TO MOTHERS AND NEWBORNS**

BCBSND generally may not, under state law (Section 26.1-36-09.8, N.D.C.C.), restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following vaginal delivery, or less than 96 hours following a cesarean section. However, state law generally does not prohibit the mother's or newborn's attending Health Care Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, BCBSND may not, under state law, require that a Health Care Provider obtain authorization from BCBSND for prescribing a length of stay not in excess of 48 hours (or 96 hours).

## **6.11 MEMBER - PROVIDER RELATIONSHIP**

Benefits are available only for Medically Appropriate and Necessary services while under the care and treatment of a Health Care Provider. Nothing herein contained shall interfere with the professional relationship between the Member and his or her Health Care Provider.

If the Member remains in an institution after advice is received from the attending Physician that further hospitalization is unnecessary, the Subscriber shall be solely responsible to the institution for all charges incurred after he or she has been so advised. Further, BCBSND may at any time request the attending Physician to certify the necessity of further confinement. If the attending Physician does not certify that further confinement is necessary, the Member is not entitled to further benefits during the confinement.

Each Member is free to select a Health Care Provider and discharge such Health Care Provider. Health Care Providers are free to provide medical care according to his or her own judgment. Nothing contained in this Benefit Plan will interfere with the ordinary relationship that exists between a Health Care Provider and patient or obligate BCBSND in any circumstances to supply a Health Care Provider for any Member. The provision of medical care and/or the decision not to provide medical care may have a financial impact on the Health Care Provider. The Member should consult with his/her Health Care Provider regarding the nature and extent of such a financial impact, if any, as well as how it might affect medical care decisions.

A Member's medical care is between the Member and the Member's Health Care Provider, and this Benefit Plan only explains what is or is not covered, not what medical care the Member should seek.

Costs relating to any services subject to the managed benefits provisions that are not approved by BCBSND will not be covered. **The ultimate decision on the Member's medical care must be made by the Member and the Member's Health Care Provider. BCBSND only has the authority to determine the extent of benefits available for Covered Services under this Benefit Plan.**

The Member agrees to conform to the rules and regulations of the Hospital in which he or she is a patient, including those rules governing Admissions and types and scope of services furnished by said Hospital.

#### 6.12 **BCBSND'S RIGHT TO RECOVERY OF PAYMENT**

All Members expressly consent and agree to reimburse BCBSND for benefits provided or paid for which a Member was not eligible under the terms of this Benefit Plan. Such reimbursement shall be due and payable immediately upon notification and demand by BCBSND. Further, at the option of BCBSND, benefits or the Allowance therefore may be diminished or reduced as an off set toward such reimbursement. Acceptance of membership fees, or providing or paying benefits by BCBSND, shall not constitute a waiver of their rights to enforce these provisions in the future.

#### 6.13 **CONFIDENTIALITY**

All Protected Health Information (PHI) maintained by BCBSND under this Benefit Plan is confidential. Any PHI about a Member under this Benefit Plan obtained by BCBSND from that Member or from a Health Care Provider may not be disclosed to any person except:

- A. Upon a written, dated, and signed authorization by the Member or prospective Member or by a person authorized to provide consent for a minor or an incapacitated person;
- B. If PHI identifies the Health Care Provider, upon a written, dated, and signed approval by the Health Care Provider. However, BCBSND may disclose PHI to the Health Care Data Committee for the enhancement of price competition in the health care market. BCBSND may also disclose to a Health Care Provider, as part of a contract or agreement in which the Health Care Provider is a party, data or information that identifies a Health Care Provider as part of mutually agreed upon terms and conditions of the contract or agreement;
- C. If the data or information does not identify either the Member or prospective Member or the Health Care Provider, the data or information may be disclosed upon request for use for statistical purposes or research;
- D. Pursuant to statute, including N.D.C.C. §54-52.1-12, or court order for the production or discovery of evidence; or
- E. In the event of a claim or litigation between the Member or prospective Member and BCBSND in which the PHI is pertinent.

This section may not be construed to prevent disclosure necessary for BCBSND to conduct health care operations, including utilization review or management consistent with state law, to facilitate payment of a claim, to analyze health plan claims or health care records data, to conduct disease management programs with Health Care Providers, or to reconcile or verify claims under a shared risk or capitation arrangement. This section does not apply to PHI disclosed by BCBSND as part of a research project approved by an institutional review board established under federal law. This section does not apply to PHI disclosed by BCBSND to the insurance commissioner for access to records of BCBSND for purposes of enforcement or other activities related to compliance with state or federal laws.

#### 6.14 **PRIVACY OF PROTECTED HEALTH INFORMATION**

BCBSND will not disclose the Member's Protected Health Information (PHI) to the Group unless the Group certifies that the Benefit Plan has been amended to incorporate the privacy restrictions required under federal and state law, and agrees to abide by them.

BCBSND will disclose the Member's PHI to the Group to carry out administrative functions under the terms of the Benefit Plan, but only in accordance with applicable federal and state law. Any disclosure to and use by the Group of the Member's PHI will be subject to and consistent with this section. BCBSND will not disclose the Member's PHI to the Group unless such disclosures are included in a notice of privacy practices distributed to the Member. BCBSND will not disclose the Member's PHI to the Group for actions or decisions related to the Member's employment or in connection with any other benefits made available to the Member.

The following restricts the Group's use and disclosure of the Member's PHI:

- A. The Group will neither use nor further disclose the Member's PHI except as permitted by the Benefit Plan or required by law.
- B. The Group will ensure that anyone who receives the Member's PHI agrees to the restrictions and conditions of the Benefit Plan with respect to the Member's PHI.
- C. The Group will not use or disclose the Member's PHI for actions or decisions related to the Member's employment or in connection with any other benefit made available to the Member.
- D. The Group will promptly report to the Plan Administrator any use or disclosure of the Member's PHI that is inconsistent with the uses and disclosures allowed under this section upon learning of such inconsistent use or disclosure.
- E. In accordance with federal law, the Group will make PHI available to the Member who is the subject of the information. Such information is subject to amendment and, upon proper notice, the Group will amend the Member's PHI where appropriate.
- F. The Group will document disclosures it makes of the Member's PHI so the Plan Administrator is able to provide an accounting of disclosures as required under applicable state and federal law.
- G. The Group will make its internal practices, books, and records relating to its use and disclosure of the Member's PHI available to the Plan Administrator and to the U.S. Department of Health and Human Services as necessary to determine compliance with federal law.
- H. The Group will, where feasible, return or destroy all Members PHI in whatever form or medium received from the Plan Administrator, including all copies of and any data or compilations derived from and allowing identification of any Member when the Member's PHI is no longer needed for the plan administration functions for which the disclosure was made. If it is not feasible to return or destroy all Member PHI, the Group will limit the use or disclosure of any Member PHI to those purposes that make the return or destruction of the information infeasible.

#### **6.15 NOTICE OF PRIVACY PRACTICES**

BCBSND maintains a Notice of Privacy Practices. This Notice of Privacy Practices outlines BCBSND's uses and disclosures of PHI, sets forth BCBSND's legal duties with respect to PHI and describes a Member's rights with respect to PHI. Members can obtain a Notice of Privacy Practices by contacting Member Services at the telephone number and address on the back of the Identification Card or by visiting the BCBSND website.

#### **6.16 SECURITY MEASURES FOR ELECTRONIC PROTECTED HEALTH INFORMATION**

- A. The Group will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of Members' electronic PHI that the Group creates, receives, maintains, or transmits on the Plan Administrator's behalf.
- B. The Group will report to the Plan Administrator any attempted or successful (1) unauthorized access, use, disclosure, modification, or destruction of Members' electronic PHI or (2) interference with the Group's system operations in the Group's information systems, of which the Group becomes aware, except any such security incident that results in disclosure of Members' PHI not permitted by the Benefit Plan must be reported to the Plan Administrator as required by 6.15 (D).
- C. The Group will support the adequate separation between the Group and the Plan Administrator, as specified in the Benefit Plan, with reasonable and appropriate security measures.

#### **6.17 RETROSPECTIVE DISCOUNT PAYMENT DISCLOSURE**

A Member may be required to pay Cost Sharing Amounts for each Prescription Medication or Drug provided under the terms of this Benefit Plan. A Member will pay these Cost Sharing Amounts directly to the Health Care Provider at the time the Prescription Medication or Drug is dispensed or administered.

In some cases, drug manufacturers may offer retrospective discount payments on certain specific Prescription Medications and Drugs dispensed or administered to Members under the terms of this Benefit Plan. Such retrospective discount payments from the manufacturer are not determined or paid by the manufacturer until at least one year following the date a Prescription Medication or Drug was provided to a Member under the terms of this Benefit Plan. A portion of these retrospective discount payments, if offered, is retained by an entity that performs pharmaceutical manufacturer discount program services through a contract with BCBSND on behalf of this Benefit Plan. Another portion of these retrospective discount payments, if offered, is paid to BCBSND. In its sole discretion, and only in the case where a Member is required to pay Coinsurance as part of the Cost Sharing Amounts for each Prescription Medication and Drug provided under the terms of this Benefit Plan, BCBSND may periodically refund to Members a proportional amount of any retrospective discount payments received. The calculation and payment of any such proportional refund rests in the sole discretion of BCBSND. The manner in which such retrospective discount program payment refund, if any, is distributed to a Member rests in the sole discretion of BCBSND. The Member waives any right, title, or interest in and to such proportional retrospective discount payment once the Member is no longer eligible for benefits under the terms of this Benefit Plan, and BCBSND may use its discretion and disburse any such retrospective discount payments as it deems appropriate and necessary in its administration of this Benefit Plan. The Member shall pay all Cost Sharing Amounts at the time the Prescription Medication or Drug is provided, without regard to any potential retrospective discount.

Pharmaceutical manufacturer discount program services include the following: processing and handling of pharmaceutical manufacturer retrospective discounts for applicable claims; billing and collecting appropriate retrospective discounts on those claims from manufacturers; distributing payments in accordance with the terms of manufacturer discount program service agreements; formulary development, use and communication; benefit design analysis and consultation; annual analysis of claims data and recommendations; monthly utilization reporting; formulary appeals; and clinical services including physician and disease-state education programs.

## SECTION 8 OTHER PARTY LIABILITY

### 8.1 COORDINATION OF BENEFITS

This provision applies when a Member is enrolled under another group or individual contract, certificate or plan, whether insured or self-funded with a similar coordination of benefits provision, except a specific disease, hospital indemnity, school accident type plan or other limited benefit plan that also provides benefits for services covered under this Benefit Plan. If the sum of benefits payable under this Benefit Plan and the other contract, certificate or plan exceed the total charge for Covered Services, the benefits payable under this Benefit Plan will be reduced so the sum of benefits payable under all contracts, certificates or plans does not exceed 100% of the total charge for Covered Services.

A. If a Claim for Benefits or any other request for reimbursement is submitted under this Benefit Plan the order of payment will be the first of the following rules that apply:

1. Nondependent or dependent. The benefits of the contract, certificate or plan that covers the person as an employee, member or subscriber (that is other than as a dependent) are determined before any other contract, certificate or plan that covers that person.

In the event the person is also a Medicare beneficiary and as a result of the rule established by title XVIII of the Social Security Act and implementing regulations, Medicare is:

- a. Secondary to the contract, certificate or plan covering the person as a dependent; and
  - b. Primary to the contract, certificate or plan covering the person as other than dependent, e.g. a retired employee.
2. Dependent child with parents not legally separated or divorced. The rules for the order of benefits for a dependent child when the parents are not legally separated or divorced are as follows:
  - a. The benefits of the contract, certificate or plan of the parent whose birthday falls earlier in a year are determined before those of the contract, certificate or plan of the parent whose birthday falls later in that year.
  - b. If both parents have the same birthday, the benefits of the contract, certificate or plan that has been in effect longer is primary.
  - c. Birthday refers only to month and day in a calendar year, not the year the person was born.
  - d. If the other contract, certificate or plan does not have the rule described in paragraphs a., b. and c. but applies benefits according to the gender of the parent, and, as a result, the contracts, certificates or plans do not agree on the order of benefits, the rules of the other contract, certificate or plan shall determine the order of benefits.
3. Dependent child with legally separated or divorced parents. If two or more contracts, certificates or plans cover a child as a dependent of divorced or legally separated parents, benefits for the child are determined in this order:
  - a. The contract, certificate or plan of the parent with custody of the child;
  - b. The contract, certificate or plan of the spouse of the parent with custody of the child;
  - c. Finally, the contract, certificate or plan of the parent not having custody of the child.

If the specific terms of a court order state that one of the parents is responsible for health care expenses of the child, and the entity obligated to pay or provide the benefits of the contract, certificate or plan of that parent has actual knowledge of those terms, the benefits of that parent's contract, certificate or plan are determined first. The contract, certificate or plan of the other parent is secondary. This paragraph does not apply to any Covered Services provided before the entity had actual knowledge of the court order. A copy of the court order must be provided to BCBSND upon request.

If the specific terms of the court order state that the parents must share custody, without stating that one of the parents is responsible for the health care expenses of the child, the contracts, certificates or plans covering the child must follow the order of benefit determination rules outlined in Section 8.1 (A.)(2.).

4. Active or inactive employee. The benefits of a contract, certificate or plan that cover a person as an active employee or that employee's dependent(s) are determined before those of a contract, certificate or plan that covers that person as a laid off or retired employee or as that employee's dependent(s). This rule is ignored if the other contract, certificate or plan does not have this rule.
5. Continuation Coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law and is also covered under another contract, certificate or plan the following is the order of benefit determination:
  - a. First, the benefits of a contract, certificate or plan covering the person as an employee, member or subscriber or as that person's dependent.
  - b. Second, the benefits under the continuation coverage.

This rule is ignored if the other contract, certificate or plan does not have this rule.

6. Longer or shorter length of coverage. If none of the rules contained in this section determine the order of benefits to coordinate, the benefits of the contract, certificate or plan that covered an employee, member or subscriber longer is primary to the contract, certificate or plan that covered that person for the shorter term.
  - a. To determine the length of time a person has been covered under a contract, certificate or plan, two contracts, certificates or plans must be treated as one if the person was eligible under the second within 24 hours after the first ended.
  - b. The start of a new contract, certificate or plan does not include:
    - 1) A change in a contract's, certificate's or plan's benefits;
    - 2) A change in the entity that pays, provides or administers the contract's, certificate's or plan's benefits; or
    - 3) A change from one type of contract, certificate or plan to another, such as from a single employer contract, certificate or plan to that of a multiple employer contract, certificate or plan.
  - c. The person's length of time under a contract, certificate or plan is measured from the person's first date of coverage under that contract, certificate or plan. If that date is not readily available, the date the person first became a member of the group must be used as the date to determine the length of time the person's coverage under the present contract, certificate or plan has been in force.

- B. If it is determined this Benefit Plan is secondary, the benefits of this Benefit Plan may be reduced. The benefits of this Benefit Plan will be reduced when the sum of the Allowance for Covered Services under this Benefit Plan and the Allowance for Covered Services under the other contracts, certificates or plans exceeds the Allowance for Covered Services in a Benefit Period. In that case, the benefits of this Benefit Plan will be reduced so that they and the benefits payable under the other contracts, certificates or plans do not total more than 100% of the total charge for Covered Services.

When the benefits of this Benefit Plan are reduced as described in this subsection, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Plan.

The ultimate responsibility of BCBSND for payment of Covered Services will never exceed the amount payable in the absence of other coverage.

If payments have been made by BCBSND for Covered Services in excess of the amount payable under this Benefit Plan, BCBSND may recover the excess from any persons to or for whom such payments were made, including any Member, provider or other organization. The Member agrees to execute and deliver any documentation requested by BCBSND to recover excess payments.

This provision is administered in accordance with regulations established by the North Dakota State Insurance Commissioner and are incorporated as part of this Benefit Plan by reference. The detailed regulations concerning the application of this provision are on file in the office of the North Dakota State Insurance Commissioner, State Capitol Building, Bismarck, North Dakota.

## **8.2 AUTOMOBILE NO-FAULT OR MEDICAL PAYMENT BENEFIT COORDINATION**

If a Member is eligible for basic automobile no-fault benefits or other automobile medical payment benefits as the result of accidental bodily injury arising out of the operation, maintenance or use of a motor vehicle, the benefits available under this Benefit Plan will be reduced by and coordinated with the basic automobile no-fault benefits or other automobile medical payment benefits.

## **8.3 MEDICAL PAYMENT BENEFIT COORDINATION**

If a Member is eligible for medical payment benefits provided by any other collectible insurance as a result of an injury, the benefits available under this Benefit Plan will be reduced by and coordinated with the medical payment benefits provided by any other collectible insurance not prohibited from coordination of benefits.

## **8.4 RIGHTS OF SUBROGATION, REIMBURSEMENT AND ASSIGNMENT**

If BCBSND pays benefits for Covered Services to or for a Member for any injury or condition caused or contributed to by the act or omission of any third party, BCBSND shall have certain rights of assignment, subrogation and/or reimbursement as set forth below. BCBSND has full discretionary authority to determine whether to exercise any or all of said rights.

**A Member must notify BCBSND of the circumstances of the injury or condition, cooperate with BCBSND in doing whatever is necessary to enable BCBSND to assert these rights, and do nothing to prejudice them. The rights stated herein apply automatically in any applicable situation. BCBSND has no obligation to notify a Member of BCBSND's intent to exercise one or more of these rights and BCBSND's failure to provide such a notice shall not constitute a waiver of these rights.**

If a Member does not comply with these provisions or otherwise prejudices the rights of BCBSND to assignment, subrogation or reimbursement, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.

- A. Right of Assignment and/or Subrogation: If a Member fails to bring a claim against a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), BCBSND has the right to bring said claim as the assignee and/or subrogee of the Member and to recover any benefits paid under this Benefit Plan.
- B. Right of Reimbursement: If a Member makes any recovery from a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), whether by judgment, settlement or otherwise, the Member must notify BCBSND of said recovery and must reimburse BCBSND to the full extent of any benefits paid by BCBSND, not to exceed the amount of the recovery. This right of reimbursement shall apply to any such recovery to the extent of any benefits paid under this Benefit Plan even if the Member has not received full compensation for the injury or condition. Any recovery the Member may obtain is conclusively presumed to be for the reimbursement of benefits paid by BCBSND until BCBSND has been fully reimbursed.

The Member agrees to not transfer any right to any recovery to a third party or otherwise attempt to avoid BCBSND's rights under this Benefit Plan. The Member agrees that any recovery shall be held in trust for BCBSND until BCBSND has been fully reimbursed and/or that BCBSND shall have a lien on any recovery to the full extent of any benefits paid under this Benefit Plan. The Member agrees that to enforce its rights under this section, BCBSND may pursue any and all remedies, legal or equitable, available under state or federal law, including subrogation, breach of contract, constructive trust, equitable lien, injunction, restitution and any other remedies.

## 8.5 **WORKERS' COMPENSATION**

If benefits or compensation are available, in whole or in part, under provisions of a state workers' compensation act, laws of the United States or any state or political subdivision thereof, the benefits under this Benefit Plan will be reduced by and coordinated with such other benefits or compensation available to a Member.

If a Member is injured or suffers any condition caused or contributed to by the Member's employment, the Member must notify BCBSND of the circumstances of the injury and condition, cooperate with BCBSND and the United States or any state or political subdivision thereof in doing whatever is necessary to determine the availability of such benefits or compensation, and do nothing to prejudice them.

In the event of the failure of a Member to comply with this provision or if a Member prejudices that Member's right or entitlement to benefits or compensation available under such a program, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to set off the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.
